L.G. Man Has Lot of Luck - All Bad

Last week was not a very happy week for a local cafe owner.

Ted Fetters, operator of Pal's cafe in Lemon Grove, first found that burglars had looted his home at 3445 Vista st. of old coins and medallions estimated to be worth $900 face value, and two of his wife's diamond rings. One of the rings was valued at $300.

The collection of coins was so heavy that sheriff's Sgt. Bob Ryan opined that an adult's strength was needed to tote the collection away.

While mourning the loss of the coins and jewelry, the Fetter's $8,000 race horse, Gasser, broke down in a race Saturday at Caliente. Such animals are valueless, Fetters said in an indistinct voice.

His voice was indistinct because he had just lost three teeth. He lost them to a Lemon Grove dentist, however.

"It just hasn't been a good week," Fetters said.

Bishop Denounces L.G. Moral Group

A Lemon Grove group was denounced last week by Methodist Bishop Gerald H. Kennedy, at the Southern California-Arizona Methodist Conference being held at Redlands.

The denunciation was aimed at a group listed as the Christian Citizens for Moral Action of Lemon Grove, post office Box 176, Lemon Grove according to Dr. Jordan Detzer, pastor of the L.G. Methodist church. Dr. Detzer attended the week-long conference.

The Moral Action group was listed as the publishers of a printed sheet containing excerptes from the controversial "Dictionary of American Slang."

Citizens Complain

Copies of the sheets were recently placed under windshield wipers of autos parked at the Palm Avenue Junior high school and at a church on Skyline dr., both in Lemon Grove. Other citizens complained that they received copies of the material through the mail.

The sheet contained 27 excerpts from the "Dictionary" and condemned the state Board of Education for its stand on control of the literature in school libraries.

Calls On Rafferty

Bishop Kennedy is a member of the state board. He called on Dr. Maxwell Rafferty, state superintendent of public instruction, to repudiate the group and its distribution of the handbill.

Dr. Rafferty had eariler called the Dictionary "a handbook of sexual practices and perversion."

The printed handbill revolted many Lemon Grove citizens. Several residents brought their copies to this newspaper. At least one school boy picked one up near the Palm Junior high school grounds.

Admonishes Group

Bishop Kennedy said that those who distributed the printed sheet had culled salacious words from the book and claimed they do want children to read this material. "They now scatter it without discrimination so that any child of any age may read the filth they have extracted," he said.

The bishop pointed out that children reach an age when they are intrigued by sexual references in books, including the Bible.

"But," he said, "most adults grow out of that attitude except such people as call themselves Christian Citizens for Moral Action.

". . . Those people have now revealed that they are dirty-minded. They have no sense of responsibility to young people and no respect for the truth."

Bishop Supported

The bishop is S. Calif-Oregon spokesman for 257,000 Methodists associated with 430 churches.

Members attending the conference passed a resolution supporting the bishop's strong statements.

Lack of Parking Cause Overbuilt Towns Says Ray

San Diego County Sheriff Joseph O'Connor will be speaker Friday at the Lemon Grove Men's Club when it meets at noon at Michael's.

The club, open to men of the community, urges interested persons to attend.

The group heard Gil Ray, County Planning Commissioner who lives in the Spring Valley area, talk about the evils of strip zoning at last week's meeting.

Supervisor David Bird, who dropped in to visit the club, joined in the discussion.

Parking Problems

Ray told the club that the business let-down in some communities is the result of "being overbuilt by not providing sufficient parking."

"Shoppers today won't park a half block away. They won't even park in the back. If parking isn't provided adjacent the shop, they drive to the place where there is no walking problem," Ray said.

Farsighted developers are allotting four feet of parking for every foot of building, Ray pointed out.

Ailment

Strip zoning for commercial ventures with too little depth for sufficient parking has condemned many areas to a low-income, poor-business death, he said.

Recent parking ordinances have helped overcome that ailment but only minimum needs are reuired by the law, he said.

Peace Corps Trainee at Notre Dame

The Peace Corps seems to work fast. At least, that's what Philip Mitchell thought after he received notification June 18 of his appointment as a Peace Corps trainee.

Phil, 20, says he stayed up late nights filling out Peace Corps forms and getting ready for the training program. Within six days after getting his notification, the young San Diego State College junior completed a gamut of preliminary "red tape" forms, packed his gear and was wisked away to the University of Notre Dame in South Bend, Indiana for training.

Phase One

The first phase of his training, now underway at Notre Dame, will prepare him for Peace Corps service in Chile. He is studying Spanish (3 hours a day, 6 days a week), and the economical, historical and political background of Chile.

The two and a half month training stint at Notre Dame also will include a refresher course in American ideals and institutions, Mitchell said.

Phase Two, Three

If he passes phase one of the program, he said he will go to Puerto Rico for about 26 days of rigorous physical training.

After completion of the physical training program, Phil will travel to Santiago, Chile for

'Oblivion' Bills Pass Legislature

Four bills, opposed by service clubs of Lemon Grove and Spring Valley, were passed by the State Legislature last week.

"They constitute a perfect package of oblivion for people in unincorporated territories," declared veteran Assemblyman Frank Lanterman, R-La Canada, when he resigned May 27 from the Assembly Committee on Municipal and County Government.

"These bills contain a design for supergovernment," Lanterman said about six bills before the committee at that time, which include the four passed last week by the Legislature.

Governor's Blessing

The four bills which passed the Legislature with "Governor Brown's unqualified blessing" (Senator Clark L. Bradley, A-Santa Clara) are:

● Assembly Bill 1662, a measure that will have the greatest effect on unincorporated areas like Lemon Grove and Spring Valley, creates a Local Agency Formation Commission in each of the State's 59 counties.

The commission is granted the power to approve or disapprove, with or without amendment, proposals for the incorporation of cities and proposals for the creation of special districts.

● Senate Bill 861 creates a Local Agency Annexation Commission in each county of the State. This commission will have power to approve or disapprove annexations of territory to a local agency, which includes cities but excludes school districts.

● Senate Bill 856 creates regional planning districts in each of nine regions of the State to coordinate local planning activities. These districts, created by two thirds of the counties and cities involved, will have advisory powers only.

● Assembly Bill 1663 creates the Coordinating Council on Urban Policy to investigate urban problems, develop long-range policies and advise the governor. The Council will be composed of 18 members appointed by the governor.

Assembly Bill 2018, which failed to pass in the Assembly, would have allowed two cities to make arrangements deciding the areas of future growth of each city. That is, each city would agree to refrain from annexing territory included in the proposed area of future growth of the other city involved in the agreement.

Commerce Opposes

The Lemon Grove Chamber of Commerce, representing 200 members in a community of 26,000, sent telegrams early last week to members of the Senate Committee on Local Government voicing their disapproval of these and other bills. The bills first went before Senate Local Government Committee members Joseph A. Rattigan, chairman, Clark W. Bradley, Stephen T. Teale, Samuel R. Geddes and Jack Schrade.

SV Commerce

Frank Davis, president of the Spring Valley Chamber of Commesce, which also sent telegrams last week admonishing the bills, said, "We feel these bills will create other agencies which will give them power to approve or disapprove standards of incorporation. If these bills are passed," he said June 15, "they will have adverse effect on unincorporated areas.

Nine Bills

Along with the Lemon Grove Kiwanis Club, local organizations opposed Senate Bills 284, 856 and 861, and Assembly Bills 1662, 1663, 2015, 2017, 2018 and 2508.

Fire Engine-Auto Crash Kills 1, Injures 3

A 13-year-old Spring Valley girl was killed and her mother and sister injured Tuesday in a collision with a San Diego fire truck.

A San Diego fireman who lives in Spring Valley was also injured.

Verlota Prodzinski, daughter of Mr. and Mrs. Marvin Prodzinski of 8828 Hillslope ave., Spring Valley was pronounced dead by a coroner's deputy after the auto driven by her mother, Viedalla, 36, hit the fire truck about noon Tuesday at the intersection of Wabash and Ocean View blvds.

Hospitalized

Mrs. Prodzinski suffered cuts on her right leg and her daughter Marlys, 10, had chin and knee injuries. Both were hospitalized.

The fireman, Gerald E. Durkin, 31, of 2955 Bancroft st., Spring Valley, suffered bruises and contusions.

Southbound

Frank Schmidt, a S.D. police investigator, said Mrs. Prodzinski was southbound on Wabash and passed cars stopped in another lane for the fire engine. The fire engine was going east on Ocean View to a house fire on Delta. The engine had red lights, siren and air horn going, he said.

35 Foot Skid

Mrs. Prodzinski told him she heard the air horn as she entered the intersection on a green light. Her car left 35 feet of skid marks before it hit the left front of the truck. The dead girl and her mother were thrown from the car.

LET'S GO TO THE FAIR — Sheri Goode "Miss Fairest of the Fair" and Don Diego brought the spirit of the County Fair to Lemon Grove last week when they visited here. They visited the circus being sponsored in Lemon Grove by the Chamber of Commerce, hence the pygmy elephant in the scene. The Fair opens this week on Friday.

Tips on Making a Happier Home

This is the month in which girls develop the nesting syndrome, and from this itching comes June bridegrooms.

For every husband there is at least one bride — and her duties should be concerned with the care and feeding of new-made husbands.

A husband usually knows what he wants and it is no trick at all for the wife to discover these needs . . . all she needs do is listen just a little while. His needs are usually small and simple. The first thing a bride should do, however, is, shut up so she can hear.

The simple nature of man often bewilders his wife. She must wonder how anything as magnificent as he can be so utterly uncomplicated.

As a way of making a point, we refer to an article printed in The Rotarian, a monthly magazine sent to each member of Rotary, International.

In it, Robert Fontaine writes about a fellow who had once spent several weeks in a hospital. "Why not take a hospital-type vacation at home with wifey in attendance?" he asks.

Such a vacation would permit the male to avert going back to work tired and broke.

Here's the formula he tells about.

The man stays at home in bed two full weeks.

He should have all the books and magazines he always intended to read at his disposal and he shall not answer the telephone.

The wife should come into his room fairly early with a hearty breakfast tray. After he eats she'll remove the tray and wash his hands. This should be a three-times-day-duty.

Just before the vacation a buzzer system should be installed loud enough to attract her attention anywhere in the house.

Also, a sign should be put on the front door. It should advise collectors, salesmen, and visitiors to come back in two weeks so that a soft, gentle, plushy, near-silence can be maintained. The mind as well as the body can thus be refreshed.

A wife who wants to talk might do so at a respectable distance if her voice is hushed and the subject not weighty. She

MISSES SHAMVA AND CHRISTINE—Christine Mann, 10, poses with Shamva, who won Best of Breed in the Rhodesian Ridgeback category, and Best in Hound Group at Harbor Cities Kennel Club All Breed Dog Show last week. Staff Photo

Miss Rhodesian This Year

Lemon Grove Lion Dog Is Top Hound

Shamva, a Rhodesian Ridgeback who lives in Lemon Grove, won first place in two divisions of America's largest dog show of the year.

Owned by Mr. and Mrs. Richard Mann, 6840 San Miguel, Shamva took Best of Breed out of 23 Rhodesian Ridgebacks entered in the Harbor Cities Kennel Club All-Breed Dog Show in Long Beach last week.

One Of Finest

Jack D. Bocock, leading authority on Ridgebacks from Transvaal, South Africa who was a judge at the show, said Shamva is one of the finest Ridgebacks he has ever seen.

After winning a silver bowl and tray as tops in the Rhodesian category, Shamva went on to win a silver cup as Best in Hound Group.

Second Female

"She defeated 572 hounds representing 16 different hound breeds," Mrs. Mann said. "This is the second time a female Ridgeback has ever taken first in the hound group, and no more than four male Ridgebacks have received the honor," according to Mrs. Mann.

The Manns purchased Shamva four years ago from Lamarde Perro Kennels in Alpine, the largest Ridgeback kennel in the country.

Lion Dog

Named for a peculiar strip of hair that grows in the opposite direction along the dog's spine, the Rhodesian Ridgeback originally ran wild in southern Rhodesia, Africa.

Their common name is African lion dog because the Hottentots trained the wild canines and used them for hunting, Mrs. Mann said.

It wasn't until 1956 that the American Kennel Club formerly resognized the Rhodesian Ridgeback as a separate breed, according to Mrs. Mann. Today, some 1,700 Ridgebacks are registered with the AKC.

Shamva, who has won four Best of Breed contests in her show career which began in February, 1960, will receive a sterling silver medallion from the Rhodesian Ridgeback Club.

More ZIP To Mail Starting July 1

Information in using the new postal ZIP Code numbers has been requested by readers.

Each community served by our newspapers has a different ZIP number. This number is attached to the end of the address.

If you live in Dulzura your mail should be addressed:

Margaret G. Small
1709 Del Rio Road
Dulzura, California, 92017

Lemon Grove residents should have their ZIP Code number 92045 listed.

Spring Valley people, including those in La Presa and Casa de Oro, use 92077.

Jamul residents, as shown above, will use 92077.

ZIP Code tells mail handlers the national area, the state and the post office for which the letter is intended. It goes into effect nationally July 1st and is designed to reduce the chance of missent mail.

ZIP means Zone Improvement Program. The post office advises that postal zone numbers need not be used in the future since that number is incorporated in the ZIP Code.

La Presa County Water District To Be Model

The La Presa County Water District is being used as a model operational facility by a group of investors planning a 1,000 acre home development in North Los Angeles County.

Charles Older and P. R. Manning, real estate developers, and George Wickstead, planning director for an engineering firm, toured the La Presa district last week.

According to Harry Baker, Otay district general manager, the men had been referred to the district by J. B. Hanauer and Co., a San Francisco firm that finances various types of districts. Otay is the parent organization of La Presa.

Hanauer had reported that La Presa was "an outstanding example of this type of operation."

The group investigated the real estate development within the district, Baker said.

"COMMITTED"

It is God's plan for this age that His people shall be gathered into congregations. Here they have fellowship and grow together. A believer is committed to the group. He is interested in that which is best for the group. His congregation is more important that his own notions.

Tommy Thomas Trophy Given To Grossmont

Mr. Howard "Tommy" Thomas, longtime resident of Spring Valley and former managing editor of the Spring Valley Bulletin, has been honored by the Spring Valley Chamber of Commerce through the purchase of a permanent trophy for Grossmont College in the field of Journalism.

"This award, made annually to the outstanding student in journalism at Grossmont College, will be a constant reminder of the high regard with which his fellow residents look upon Tommy," stated Frank A. Davis, Chamber president, as he announced the award.

Tommy recently was awarded a unique life PTA membership by nine area schools acting together. He is a past president of the Spring Valley Chamber of Commerce and has long been active in Boy Scout work and the La Mesa Writers' Club. For a number of years he wrote "Our Valley," a popular column on local affairs in Spring Valley.

"Tommy's song, "Spring Valley," is another indication of his love for his home community," said Mr. Davis; pointing out that Tommy also wrote the words for the "Fairest of the Fair" music.

Mr. Thomas and his family came to the La Mesa-Spring Valley area in the late '30s.

The trophy, inscribed H. A. "Tommy" Thomas Journalism Award, presented by the Spring Valley Chamber of Commerce' may be viewed at the Bank of America, Campo and Conrad Branch. A personal presentation will be made formally when Mr. Thomas has convalesced from a recent illness.

Cadet Enrolls in Military School

Lexington, Mo. Cadet Theodore Charles Bantis of Lemon Grove has enrolled for eight weeks of summer school at Wentworth Military School, Lexington, Mo., according to Major Robert Hepler, acting dean.

Cadet Bantis is the son of Mr. and Mrs. J. C. Pemberton, 2369 Cypress, L.G.

The summer school at Wentworth is operated for cadets who desire to accelerate their academic programs. Instruction is offered in junior college and high school subjects by regular staff members.

Summer school students will later take a recreational trip to the Lake of the Ozarks region. They will also have an opportunity to make excursions to Kansas City and visit historical sites in this area.

Rose Parade Bands To Get Travel Funds

SAN DIEGO (CNS) — Band parents seeking county assistance in sending bands to the Rose Parade were successful Tuesday but it took the S.D. Jaycees to make the funds possible.

It started last year when Mt. Miguel's vaunted band won the right to go to the parade. Parents found they had to raise $2,000 in a few days to pay the band's expenses. Arguing that the winning band represents San Diego city and county in the parade spectacle, several Lemon Grove parents started a program to get the city and county to pay the winning band's transportation and board costs.

The council and board of supervisors turned down the request until Tuesday when the S.D. Jaycees said it would conduct the band competition and supply matching funds.

The county and the Jaycees will each put up $1,000 for the expenses of this year's winner.

CONCRETE CROSS — F. D. Harrington, AID, and R. W. Weeks, contractor, point out some of the problems involved in raising the 5,000 lb. concrete cross which fronts the exterior of the new Lemon Grove Lutheran Church to the Rev. Hardis Bakken, pastor, and Robert Buckner, president of the congregation. Dedication of the new sanctuary will be Sunday, July 7.

Lutheran Church, Symbol of Faith

A dream first born in 1955 will come true Sunday, July 7, when members of Lemon Grove Lutheran Church on Skyline dedicate their new air-conditioned edifice.

The present congregation was incorporated October 23, 1949. Until the construction of the present sanctuary in 1951, services were held in the Seven Day Adventist church. The educational unit wing was completed in 1957. The Rev. Hardis C. Bakken, pastor of the church, accepted the call of the congregation in September, 1955, succeeding the pastorate of the Rev. W. Leroy Elster.

Completed in just six months' time, the new church is markedly different from traditional church architecture. F. D. Harrington, architect, submitted plans which resulted in the long roof plainly visible from upper Skyline, low walls which symbolize the praying hands, and the high, laminated beams of the interior.

The 5,000 pound cross set in the front wall of the exterior was made on the ground before being lifted into place; its 18-foot mahogany counterpart on the interior will be illuminated from inside, casting a soft light against the chancel wall. The stained glass windows on either side of the cross tell the story of redemption.

The chancel and circular rail symbolize God in the midst of His people. Suspended from the ceiling, the sanctuary lamp symbolizes Christ, the Light of the World.

The 160-pound Trinity symbol, consisting of three concentric circles, is made of steel covered with gold leaf, and is bolted to the ceiling beams. No wall or curtain shuts the congregation off from the inner center of worship.

SV Man Receives Probation on Narcotics Charge

SAN DIEGO (CNS) — Hubert Chapin Lathan, 40, an auditor of 417 La Presa, S.V., has been placed on probation for three years for obtaining narcotics by fraud.

He pleaded guilty to using the narcotic registry number of a physician in order to telephone a drug store to get the narcotic Percodan for a sinus infection.

He said he could not afford to go to a doctor to get prescriptions for the narcotic. He said that he has since been cured by three operations in the Navy Hospital.

Lathan was seriously wounded when he was with the Marines on Guam in 1944. He spent over six years in hospitals and had 13 operations and he says he still has shell fragments in his body.

He is married and has an 18-month-old child.

He said that he used the Percodan for pain only and did not use excessive amounts.

Kempton PTA Gives Staff Members Pat

Kempton Street School PTA Board members held a buffet luncheon recently for staff members of the school in appreciation of their hard work during the school year.

Principal James Halcomb expressed thanks on behalf of the faculty, and called on the teachers who will not return to Kempton next year to tell their reasons for leaving.

PTA president Mrs. Grant McClellan introduced the board and expressed her appreciation for their wonderful response in making the luncheon a success.

making the luncheon a success. McClellan agreed next year should be a good year for the new school and PTA.

Improved Lighting Work To Begin on Stadium

Work on Mount Miguel High's football stadium will begin immediately following a $1,500 payment to the California Electric Company.

Meeting at the home of its new president, McIrwin Swinney, the school Booster's Club, which will make the payment, accepted a contract calling for improved lighting in the stadium. The contract, approved by the Grossmont Union High School District Board, includes installation of switches, increasing of the lumens and replacement of bulbs.

Concessions

Plans for the summer school concession were discussed at the meeting with Mrs. Ray Bierworth, Booster Club concessions chairman.

With summer school enrollment expected to be high (1,442 are enrolled at Mt. Miguel), it was decided that four to eight volunteers would be necessary to staff the concessions booth, which sells ice cream and snacks. The club donates profits from concessions to the school.

Sports Banquets

In reviewing assistance to Mount Miguel during the school year, it was revealed that over 700 young men and their parents were served refreshments at the three sports banquets held during the year.

In their final action, the club awarded life membership to Mrs. Katherine Beebe for meritorious service to Mount Miguel.

Transit System Asks Fare Raise

Fares will be raised again by the S.D. Transit System if the firm's request before the Public Utilities Commission July 17, 18 and 19 is approved.

Hearings will begin each day at 9 a.m. in the S.D. Chamber of Commerce auditorium, 435 W. Broadway. They are open to the public.

Application was made by the transit firm to be permitted to raise its adjoining zone rate from 25 to 30 cents.

The firm intends to modify the raise downward if franchise taxes are dropped in cities in which the buses operate.

Parking Problem . . .

(Continued)

Supervisor Bird joined the conversation by reflecting that it was the strip zoning that made cities. "However, that was 25 years ago," he said.

Grew Unplanned

"A few businesses at that time formed at a busy crossroads and thrived without a thought about parking. Then the town grew up around them and they started having parking troubles," he said.

"Since then we have undergone a business revolution oriented to the auto. Shop owners have to put as much emphasis on parking as they do on merchandising to meet the requirements of the shopper who has two, and sometimes three cars in his family.

Ray concluded his talk with the admonition that zoning is for protection rather than for restriction.

New Jaycees Take Part in Crazy Daze

The Lemon Grove Jaycees reorganized last week wth Hal Lenox, a PacTelCo employe as president pro-tem.

The group disbanded in Lemon Grove several years ago after a history of outstanding service to the community.

Sponsored by the La Mesa Junor Chamber, the new group made up of 25 members, set July 3 as election date for permanent officers.

Serving with Lenox, on a protem basis, are Floyd Tiderman, vice president, and Arley Lowrimore, secretary-treasurer. Meetings are held in the conference room of the L.G. Medical Group on Main st.

The group is open to young business and professional men between 21-35 years of age.

Already scheduled on the Jaycees new calendar of events is a street dance in Lemon Grove July 19 as part of a community-wide celebration marking Crazy Daze.

The dance is free and will be held on Imperial ave. between Broadway and Lester from 8 'til midnight. The dance will be preceded by a talent contest for L.G. youngsters. A list of prizes will be given to winners.

Bob Mills, TV personality, will take part in the dance festivities, according to Hal Lenox, Jaycee president pro-tem.

Rural Action

Phil's training is designed for Peace Corps work in the "rural community action" program, although Phil said he does not know specifically what his duties will be. About 5 out of every six Peace Corps trainees make it through training.

Long Wait

His notification came as a surprise. "I filled out the Peace Corps questionnaire and took the test in the fall of 1962, after I came home from a crippled children's camp in the San Bernardino mountains where I worked as a counselor," Phil said. "I was anxious to hear from the Peace Corps at first, but as the time passed I became more and more doubtful that I would be accepted by the Corps. Finally, I dismissed the hope."

After almost a year of waiting, Phil received notification. "Now I feel like I did then about the Peace Corps," he remarked. And within a few short days, he was gone. The Peace Corps works fast!

Visit Home

Phil will return to visit his parents, Mr. and Mrs. J. Tom Mitchell, 7824 Barton st., L.G., after phase one of training.

Deputies Catch Man With Cash Register

A Lemon Grove man was apprehended last Thursday at A and S Liquidators and has been arrested on a charge of burglary.

Sheriff's deputies Donald Stewart and Roger Jacobs spotted the man in the doorway of the establishment at 4 a.m. June 20. They entered the store and found Jack LaVoy Clements, 26, of 2308 Edgerton, standing behind a rack of dresses with a 2-foot crowbar in his left hand and the cash register at his feet.

Contained $40

Abe Shelley, proprietor of A & S Liquidators, said the accused punched the button which opens the cash register instead of pushing it up. The cash register contained $40, which Shelley showed the suspect when he arrived Thursday morning after deputies apprehended Clements.

Red paint transfers also were found on the rear door of Lemon Grove Florists at 7965 Broadway. However, Clements denies he tried to burglarize the florist shop.

Removed Window

Clements, who admitted he entered the establishment through a rear window which he took out of its frame, said he removed the store cash register from its place and put it behind the rack of dresses out of sight. "I punched a few buttons, but it wouldn't open," Clements allegedly confessed.

Crowbar Opener

He allegedly admitted trying to open the cash register with the crowbar. Red paint transfers left on the cash register, apparently from the crowbar, were examined by the Sheriff's Lab Unit.

The suspect, who was first observed in the front doorway, allegedly said he unlocked the front door because he didn't want to leave through the rear window. When he saw the sheriff's car lights, he said he went behind the clothes to hide.

"I've been busted for manslaughter, and did time in Florida chain gangs, but I didn't want to discuss it," Clemens allegedly said at the Sheriff's office later.

might be permitted this privilege from 2 until 7 p.m. (but certainly not continuously). Acceptable subjects include what's for dinner, sports results, and the weather.

Almost any wife can type, or who has a friend who can, so the heart-warming thoughtfulness of typed menus should be practiced. His favorite dishes should always be listed.

The daily newspaper should accompany each meal and the paper should be neat and orderly and not inside-out as he usually gets it.

The afternoon should be devoted to napping, dozing, listening to the ball game while half asleep while the wife weeds the yard, repairs the patio wall or pursues other chores that might otherwise nag the resting mind of her husband.

She should serve his dinner about 5 to allow him a long evening of doing nothing, which is much better than a short evening of doing nothing.

After dinner the wife should withdraw ~~completely~~ (taking the dirty dishes with her) and remain quiet until 9 p.m. when she may bring him a sandwich and a beverage.

Lights should go out by 10 but sleep may be induced more quickly if she rubs his back gently with witch-hazel or bay-rum solutions being careful not to rub so vigorously as to make him alert.

This routine, for two weeks, will get an exhausted husband back to work refreshed and solvent. He'll have spring in his heels and a song in his heart.

The wife, as a reward, should be allowed to take the kids to visit Aunt Mamie for a week or 10 days but since science tells us the female is a much healthier animal than the male, she'll not need nearly so much pampering and rest.

You can't argue with science, can you?

LETTERS TO THE EDITOR

Censoring And Book Burning

Another piece of Christianity has been censored by our Supreme Court, whose members sit beneath the words "In God We Trust." They have taken away the Lord's Prayer and scripture reading from our schools. Is this called censorship or book burning? No, this is called protecting the rights of all. But just try to get them to ban such filthy books as "Dictionary of American Slang" or "Last Temptation of Christ" from our school libraries. This is not called protecting rights of all, but, rather, Censoring and Book Burning.

Then the intellects tell you that we must never censor because then the book burners won't know when to stop and they will start burning Shakespeare, Longfellow, etc., etc. In that same light I worry about the Supreme Court getting carried away with protecting our rights. Next thing on the agenda is to drop "Under God" from the Pledge of Allegiance; then I suppose every morning the children will have to leave all their coins that read "In God We Trust" outside the school grounds. Heaven only knows what action will be taken against the teacher that says, "God bless you," when one of her students sneezes.

Do I sound ridiculous? Maybe I am, but 10 years ago the removal of the Lord's Prayer from the schools by the Supreme Court would have been just cause to impeach the Court itself. How ashamed God must be of us to allow such an act.

Yes, I agree with you that times are changing, but that doesn't make it right.

LIBERTY-AMENDMENT

Editor:

There is an interesting proposal made by the National Committee for Economic Freedom that is called the "Liberty Amendment" which has come to my attention. It proposes to make our Federal Government operate only in such a way as to be within the bounds of our Constitution. And since the Federal Government operates some 700 large unconstitutional businesses, these would be sold, the money thus saved could be applied to our national debt to retire some of our debt.

Under the terms of the Liberty Amendment, we could operate our Federal Government without the Federal Income Tax, because all of this money is now used to pay for unconstitutional ventures of the government. As I said, an interesting proposal.

Assemblyman Dick Donovan, 77th District, in a letter dated March 12, 1963, stated: "In regard to A.J.R. 16, the so-called "Liberty Amendment," I am quite in agreement with you. We should be money ahead if we can get the Federal Government out of business competition, not only from the aspect of the losses borne by the taxpayers in supporting these entities, but also the private enterprise which will grow up to replace it, can (sic) add to our base."

The Liberty Amendment is no wildeyed proposal, but a sound workable plan to regain a Constiutional form of government that we seem to have lost.

Sincerely,
Nelson Pryor

Helix Irrigation District Recently was granted $1,140,500 accelarted public works program funds. The federal grant will help finance the estimated $3.7 million plant, and the District will borrow $2.6 million from a local bank.

The plant is expected to be finished late next year. Work on the project can begin within 38 days, according to Byron Miller, general manager of the District.

The federal program is designed to speed needed public improvements in areas of underemployment. The treatment plant will provide 1,125 n anmonths of work, District officials estimated.

Fellowship Degree

Moose Degree Conferred on Local Member

The Fellowship Degree, the third degree of the Moose Fraternity, was conferred upon Arthur Ortiz of Lemon Grove June 20.

Ortiz was one of more than 400 Moose members from the US, Canada and England to receive the coveted honor at the 75th annual Internation Convention of Moose in Chicago, Ill.

Less than 500 of every 5,000 Moose members can receive the Fellowship Degree each year. It is awarded to members who have displayed outstanding service to the lodge in community and philanthropic programs of the fraternity, Ortiz said.

Arthur Ortiz, publicity chairman of San Diego Moose Lodge 508, became a member of the San Diego lodge in 1958 transferring from the Oakland lodge during the state convention held in San Diego that year.

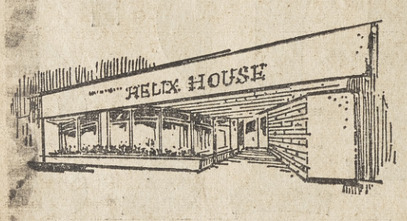

He has been one of its most active members ever since. Ortiz has served as chairman of the dancing, membership, entertainment, investigating and credential committees. He is a member of Sunshine Legion 49, the second degree of the Order, and is the publicity and civic affairs director of the California Moose Assn., Southern District.

Grossmont College opened its doors Monday to a record number of summer school students.

Some 700 students enrolled at the local community college as compared to less than 500 at this time last year.

Most classes during the summer session at Grossmont meet 7-9:30 p.m., while the balance of classes meet 3-5:30 p.m. These hours are observed because the college shares the facilities of Monte Vista High, where high school summer classes presently are in progress during the morning and afternoon hours.

Information about the summer session may be obtained by calling 465-1700.

Summer School Draws 1,041 In Lemon Grove

"Farewell" was said to Ray Lange, the two-term trustee of the Lemon Grove school board Monday as he attended his final meeting as an official.

Lange did not run for re-election earlier this year because of "pressure of other interests." His post will be taken by Lyle Stumbaugh, a certified public accountant who with attorney Robert Sjogren, won easily in an election which drew five candidates. Sjogren was running for re-election.

The board adopted a resolution commending Lange for the two terms of service he had given to the district.

The school board, in less emotional business, approved the $1,816,160 budget and ordered it filed with the County School Superintendent.

Byron Netzley, district superintendent, told the board that 1,041 youngsters were enrolled in summer school. This totaled 50 more than last year, he said.

S.V. Park District Hearing Set Monday

SAN DIEGO (CNS) — The public hearing in which the Board of Supervisors will decide whether to call an election to form the S.V. Recreation District will be held Monday at 10:30 a.m. in the Civic Center in S.D.

Before they can call an election, the board must first decide the park is feasible considering assessed valuation and capital and operating costs. The district boundaries are slightly larger than those of the La Presa Water District.

An exclusion of 1,700 acres in the west portion has been requested by Fred J. Hansen.

The board postoned a decision on the district on June 11 because only three of the supervisors were present.

Plans include a four-acre park south of Dictionary Hill on Apple st. The estimated operating cost is 11 cents and bond redemption tax rate of 16½ cents per $100 assessed valuation.

The district is evaluated for tax purposes at $11,479,600. The exclusion valuation is $1,079,600.

Grossmont Board Approves Budget

A preliminary budget totaling $9,530,000 was approved by the Grossmont Union High School District Board of Trustees Monday evening.

The total budget is $762,000 over last year's budget, or an 8.6% increase. Associate Superintendent Harold Hughes reported the increase in the budget was due to meeting advances on the salary schedule and enrollment increase estimated at 10.9% over the current year.

Hughes informed the Board that failure of the legislature to adopt the new apportionment measure, combined with lack of assurance that the federal financial assistance to impact districts will continue, will require cut-backs in the budget as presented. "The legislature has failed to meet its responsibilites for financing education and to remove a portion of the local taxpayers' burden," declared Hughes.

The legislators from San Diego County have supported legislation to increase state funds under a formula which would reduce the portion to be derived from the local property tax.

Salary Proposal

The Grossmont District Teachers Association presented a new salary schedule proposal which would increase the minimum salary from $5150 to $5200 and the maximum salary from $10,150 to $10,800.

The presentation was made by a committee composed of John Schwendiman, chairman, Keith Woodfield, Robert Bunting, Dan Pumphrey, Kenneth Rogers, Don Quattrochi and Clarence Broadfoot.
